WORK EXPERIENCE

Protiviti

Technology Consultant Intern

Houston, TX

June 2024 – August 2024

- Tested 10+ internal IT controls within SQL databases, optimizing query performance and ensuring 100% compliance in change management processes
- Delivered custom SQL scripts and automated data solutions, improving client system efficiency and streamlining IT workflows while providing proper documentation
- Designed ad-hoc audit reports for 3 clients, analyzing control usage data to improve testing accuracy by 15% through repetition

Tenaris S.A.

Audit Data Science Intern

Houston, TX

January 2024 – July 2024

- Developed 3 OCR scripts using Python libraries (Tesseract, pdf2image), integrated repetitive tasks with UiPath and Power Automate, reducing weekly data analysis time by 20%
- Cleansed complex datasets in R Studio and Jupyter, auditing international charges for 500+ employees to enhance data integrity and mitigate fraud risk
- Customized visualizations with Power BI to enhance reports of financial and inventory data across multiple departments

Texas Bay Credit Union

Finance Intern

Richmond, TX

June 2023 – August 2023

- Constructed data-driven visual reports in Excel and Tableau to analyze loan performance and risk, contributing to meeting \$1.5M+ monthly loan quotas
- Managed a SQL database of 10,000+ credit union members, assessing financial health using key metrics and verifying 50+ weekly payment confirmations to ensure data accuracy and compliance

ACADEMIC PROJECTS

MIS 4374: IT Systems Development Project

IT Program Manager

Houston, TX

Fall 2024

- Conducted SEO implementation for a non-profit client, analyzing social media and website activity to deliver actionable insights
- Managed three groups of 4+ students as Program Manager, ensuring timely completion of milestones, maintaining client communication, and alignment with project objectives

Hewlett Packard Enterprises – Business Technology Consulting Project

IT Student Consultant

Houston, TX

Spring 2024

- Implemented Zoho CRM and Articulate LMS software tools for a counseling SMB (Small and medium-sized business), centralizing data, streamlining operations, and enhancing client collaborations
- Provided detailed documentation for system setup, workflows, and user training to ensure seamless adoption and future scalability

API Stock Market Data Visualization Tool

Integration Developer

Houston, TX

Spring 2024

- Built Python scripts to integrate real-time stock market data via APIs and web scraping, storing and transforming data in SQL databases for efficient analysis
- Automated data pipelines to sync financial metrics and link SQL queries to Power BI, enabling visualization of market trends

LEADERSHIP & ACTIVITIES

Management Information Systems Student Organization (MISSO)

Student Mentor

Houston, TX

August 2023 – Present

- Actively engage with over 500+ MISSO members and recruiters in organized events to maximize career opportunities
- Assist in 3+ committees and workshops to boost organization contributions and help improve development and technical skills

Bauer Ambassadors (BA)

Student Ambassador

Houston, TX

August 2023 – June 2024

- Selected as one of 40 undergraduate business students amongst 186 applicants to represent the C.T. Bauer College of Business
- Supported the Dean's office by hosting weekly college tours, orientations, and career presentations for prospective business students
